

Diversity in Design

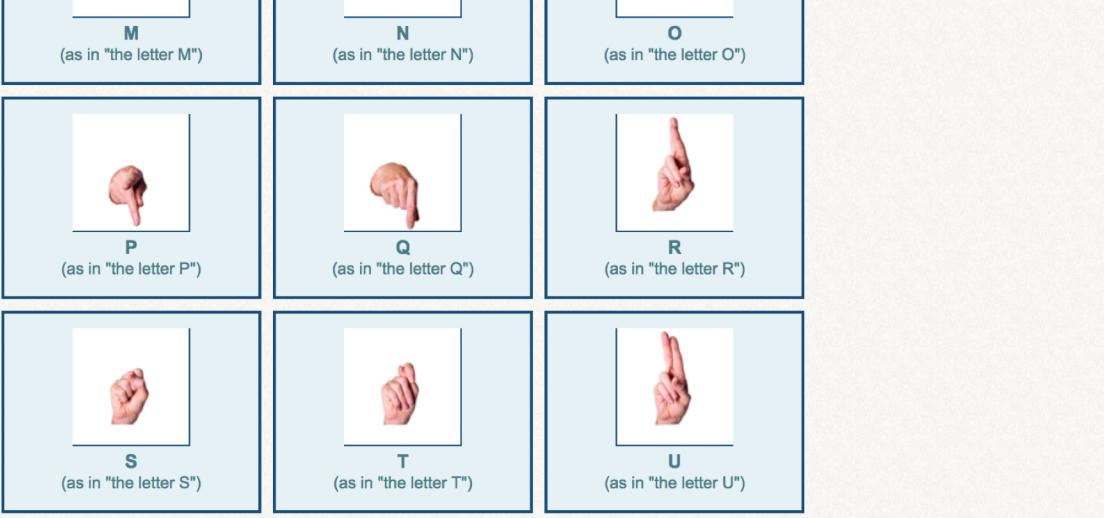

DES 157 – Interactive Media II

Crystie Sandmire

Topic Brainstorm

- Multidisciplinary
- Bring different groups of people together

Home Courses Resources Community ASL Tutors ...

A: NICE MEET-you SAME

"Nice to meet you too."

Background Research

- I have always had an interest in ASL
- ASL isn't just for the deaf
- Learning platforms not very interactive

Paper Prototype

- Learning should be fun
- Game-ify it

utter

Connect the world through visual communication.

Utter is a learning platform designed to help beginners learn the basics of the ASL alphabet through interactive games and activities that increase in difficulty.

Beginner? Start here:
